Reflection questions about your final projects

1. What was the most challenging aspect of your project, and how did you overcome it?
2. What new skills or knowledge did you develop during the project?
3. Which part of your project are you most proud of, and why?
4. If you could start the project again, what would you do differently?
5. How did you manage your time and resources during the project? Would you change anything about your time management?
6. How did working on this project contribute to your personal and academic growth?
7. What feedback did you receive during the project, and how did you incorporate it?
8. How does this project prepare you for future academic or professional challenges?
9. What advice would you give to someone starting a similar project?
10. What did you learn about yourself through the process of completing this project?
